ABOUT

I'm a full-stack developer and I love building apps that make everyday life simpler. I'm driven by the idea that good software should quietly solve real problems and help people move through their day with less friction.

Outside of code, I chase adventure — traveling, riding motorcycles, and seeking that next hit of dopamine that comes from creating, exploring, and pushing limits.

Tanstack PayloadCMS AWS Drizzle REST React Native CI/CD Jenkins Jest

EXPERIENCE

Revizio

Orexin

Bun / Docker / Expo / GraphQL / Hono / Monorepo / Next.js / Node / PostgreSQL / Prisma / React / React Hook Form / Shadcn / Tailwindcss / Tanstack / Typescript / Zod / AWS / Elysia

Revizio is an application built for inspection technicians. It helps manage and edit inspection reports across electrical, gas, and other technical fields, while also organizing customers and their devices. Revizio streamlines daily workflows and reduces administrative burden, allowing technicians to focus on their core work.

Invoke

Dailyused Labs

Tauri / Elysia / Tailwindcss / Shadcn / Vite / Better-Auth / Bun / Docker / CI/CD / Monorepo / PostgreSQL / Prisma / REST / React / React Hook Form / Tanstack / Typescript / Zod

Invoke is a note-taking app on steroids. It helps you write down your notes through out the day, from which it later generates Todos, start/end of day summaries, so you know what you need to focus on next.

Divadlo Mír

Prorocketeers

Next.js / Docker / Firebase / Gql Pothos / Monorepo / Mui / Node / PostgreSQL / Prisma / Zod / Typescript / Tanstack / Tailwindcss / Shadcn / React Hook Form / React

A newly developed all-in-one digital platform for the Ostrava-based theatre Mír. It features a modern, intuitive website with interactive seat selection, integrated ticketing, and a clear programme overview. The system is supported by a custom-built CMS for managing productions, performances, staff, and ticket sales.

Gympar

Prorocketeers

Next.js / PayloadCMS / Drizzle / Docker / PostgreSQL / Express / Node / Zod / React Hook Form / GraphQL / REST / Monorepo / Tailwindcss / Typescript

A website and custom CMS designed for managing gymnastics classes and summer camps. The platform allows children to register for specific events through an online form, while providing trainers with an administrative interface to manage participants, track payments, and handle substitutions. It also includes a content management system for easily updating and maintaining the website.

Můj Vodafone +

Prorocketeers

Expo / React Native

Můj Vodafone+ app is the official, self-service mobile application for Vodafone Czech Republic customers, replacing the original app. It allows users to manage mobile tariffs, prepaid cards, internet services, and TV subscriptions, offering features like data monitoring and payment.

Dubai Islamic Bank

Prorocketeers

React / React Native / React Hook Form / Zod / Expo / Monorepo / Bun

A modern mobile banking app providing users with secure, intuitive access to their accounts, transactions, and financial management tools on the go.

Photogallery website & CMS

Orexin

Next.js / Firebase / React / Vite / Typescript / Sass/Scss

Portfolio-based website and fully functional content management system for an amateur photographer, that can upload, manage and edit all the photos that the photographer wants to show the world.

Brand new B&A website

B&A Insurance Consulting (VIG group)

Vite / React / Firebase / Typescript / Sass/Scss

New company website for Ostrava based company B&A Insurance Consulting providing a new, modern user interface to get familiar with the company and the services they provide.

Activity and worklog reporting app

B&A Insurance Consulting (VIG group)

React / REST / Vite / Firebase / Typescript / Supabase / Sass/Scss

An application tailored to the specific needs of Ostrava-based company B&A Insurance Consulting, modernizing their previous Excel-based system for tracking and managing employee work hours.

TownOut

WebOps

React / Typescript / Tailwindcss

Ecommerce solution for Prague based rental company specializing in renting caravans.
